

1. Dragons of the North

Game Overview

Game Description

Dragons of the North takes you back 1,500 years to a mystical world of fantasy and excitement, loaded with thrills, adventure and massive rewards. Four ferocious dragons have awoken, with the all-powerful fire dragon leading the assault in this truly epic 5-reel, 3-row slot.

Dragons of the North is a 50 payline fantasy adventure slot overflowing with excitement. Stay alert for the Golden Dragon Egg, which triggers winning features.

For fearsome wins, above each reel, are random values and jackpots that can pay out whenever the Golden Dragon Egg lands on the reels, during the base game and free spins. No action slot is complete without a free spins feature, and Dragons of the North rewards players with fiery Free Spins in the base game and the opportunity to win even more spins during the Free Spins. To really boost your bounty, the Jackpot Wheel is loaded with massive payouts and fierce BIG WINS!

Grab your armour and sword and prepare for the ultimate battle and incredible rewards in Dragons of the North!

Game Information

Game winning lines:

There are 50 winning lines in Dragons of the North. The wins are counted from left to right.

General information table:

Game Type Video Slot

Number of Paylines 50 lines

Number of Reels and Rows 5x3

Game Features

- Special Reel Prizes – Above each reel, there are possible rewards which can be won when the Dragon Egg symbol lands on the reel. Prizes on reels 2 and 4 are locked in the base game. The winnings include a cash prize, Free Spins and a spin of the Jackpot Wheel.
- Random Multiplier – The random multiplier can increase the cash prizes above the reels.
- Jackpot Wheel – The player gets to spin the Jackpot Wheel if the Dragon Egg symbol lands on the reel with the Jackpot prize above it.
- Stacked Wilds and Reel Tilt – Wilds come in stacks of 3 and a random tilt might occur on some reels to reveal additional Wilds.

Return to Player 95.98%

Hit Rate 36.81%

Game Features

Special Reel Prizes

Above each reel, there are special prizes that change in each round. During the base game, the prizes above reels 2 and 4 are locked, but they are available during the free spins. To receive the prizes in both the base game and the free spins, you need the Dragon Egg symbol to land on any spot on the reel. When it does, the player is rewarded with the prize above this reel, at the current spin.

The possible rewards are:

- Cash Prize – Multiplier win based on the total bet for that particular spin
 - Free Spins – The player wins 10 free spins. During the Free Spins, the prizes above reels 2 and 4 are unlocked. An additional 2 free spins can be won if the Dragon Egg lands on reels 1, 3 and 5 again and the prize above the reel is Free Spins.
 - Jackpots – The player wins the chance to spin the Jackpot wheel. This guarantees that one of four types of jackpots will be won - Mini, Minor, Major or Grand.
 - o Mini – x15 multiplier of the bet amount
 - o Minor – x35 multiplier of the bet amount
 - o Major – x250 multiplier of the bet amount
 - o Grand – x1000 multiplier of the bet amount
- * The Dragon Egg symbol acts also as a Wild in both the Base game and Free Spins.

Random Multiplier

There is a random multiplier in both the base game and the free spins which can increase the cash prizes above the reels by x2, x5 or x10.

Stacked Wilds and Reel Tilt

The Wilds in the game come in stacks of three. The reels tilt at random and reveal additional Wilds, giving the player a chance of higher winnings.

Playing the Game

To play a round, configure your bet using the Bet Plus / Minus buttons, and press the Spin button or the Spacebar to submit the bet and initiate the round.

Once the round is started, the player can fast-forward it to the round result or skip the animations by pressing the Skip/Stop button that replaces the Spin button.

Payout Rules

- There are different coin values that can be set by using the COIN VALUE + and - buttons. COIN VALUE represents the value in currency of each coin.
- There are different bet amounts that can be set by using the BET + and - buttons. BET represents the number of coins that the player bets per round.
- Winning combinations are paid per line in succession from the leftmost reel to the rightmost reel.
- A line win in credits or currency is equal to the value shown in the PAYTABLE, multiplied by the line bet amount.

- Winning combinations and payouts are calculated according to the game's "Paytable", which can be accessed through the Info button .
- All symbol multipliers can be found in the Symbol screen in the Info pages.
- The prizes are calculated using the following formula: Bet amount, multiplied by the symbol multiplier, divided by the number of paylines (50).
- Only the highest win per line is paid.
- Simultaneous wins on different bet lines are added up.
- All wins occur on the selected paylines, excluding bonus wins.

Payout rules in Features

- Free Spins are played at the same bet amount as the round that activated the Free Spins.
- Free Spins wins are added to any initial wins.
- Jackpot wins use the bet amount that was used in the round that activated the Jackpot feature.
- The cash prizes above the reels are linked to the bet amount. Increasing or decreasing your bet will have a corresponding effect on the cash prizes. The prize awarded will be multiplied by the random multiplier (x2, x5, x10) if it appears.

Game Controls

Game Buttons

Close active settings panel

Autobet / Autoplay

Enables playing the game automatically for a predetermined number of spins at the current number of lines and bet configuration.

The autobet / autoplay menu is accessible through the Autobet / Autoplay button.

Autobet / Autoplay Limits

The player can set various autobet / autoplay limits:

- Loss Limit (mandatory in UK) – Allows you to control your combined losses by entering a numeric value that will stop the autobet function and trigger a popup message when the loss limit is reached. Calculated as follows:

$(\text{Sum of bets}) - (\text{Sum of wins}) \geq (\text{Loss Limit amount})$.

- Single Win – Will stop the autobet function and a popup message will be displayed when a single win payout is \geq the 'Single Win' value entered.
- Win Limit – Allows you to control your combined wins by entering a numeric value that will stop the autobet function and trigger a popup message when the win limit is reached. Calculated as follows:

$(\text{Sum of bets}) - (\text{Sum of wins}) \geq (\text{Win Limit amount})$.

- On a Win – The autobet will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the autobet will only stop after all the free spins are finished.
- Stop on a Feature – The autobet will stop and a popup message appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen.

2. Flamin' 7's

If you're into hot slots action, then Flamin' 7's is for you. This modern, yet retro-inspired slot is nothing short of heart-pounding action from the very first spin. Filled with flaming BARs, Cherries, Bells, 777s and more, you will feel like you are playing in the Privé at a Las Vegas casino.

Flamin' 7's is a 3-reel, 3-row slot that is simple, yet sophisticated, with plenty of winning features. The Flamin' 7's bonus feature awards respins for even more winning potential. The Special Card symbols can trigger the Mini Feature Games that offer even more respins with wilds, sticky expanded wilds and colossal multipliers.

General Information Table:

Game Type Video Slot

Number of Paylines 9 lines

Game Features

Flamin' 7's Feature

Return to Player 96.24%

Hit Rate 33.97%

Game Features

Flamin' 7's is a 3-reel, 3-row, 9 winning lines video slot with an Flamin' 7's feature.

Flamin' 7's Feature

When 3 or more Special Card symbols appear anywhere on the reels, it triggers the Flamin' 7's feature.

3 respins are awarded

During the feature, the triggering Special Card symbols remain locked in their positions. Every time one or more new Special Card symbols appear on the reels during the feature, the respins counter resets to 3. The new Special Card symbols also become locked in their positions until the feature ends.

The Flamin' 7's feature ends when no more respins remain or all reels are Special Card symbols. The prizes displayed on all of the Special Card symbols are then awarded.

The Ace, King, Queen, and Jack Special Card symbols trigger the Royal Mini Games.

Each prize and or mini game is awarded in the order that they appear on the reels

Ace - Royal Mini Game:

Middle reel is covered with an Expanded sticky Wild Reels 1 & 3 spin until a winning combination is awarded.

2-10 respins occur with the same winning combinations for extra payouts.

King - Royal Mini Game:

An extra respin is awarded with 2 - 9 random Wilds.

Queen - Royal Mini Game:

Reels 1 & 3 are covered with Expanded Sticky Wilds and the middle reel spins until a winning combination is awarded.

Jack - Royal Mini Game:

Keep spinning till a win is achieved. The win is then multiplied up to 30x.

Playing the Game

Betting

To play a round, configure your bet using the + / - buttons on either side of the Spin button and/or the Coin Value + / - buttons. Then, press the Spin button or the Spacebar to submit the bet and initiate the round.

You can also choose the desired bet from the Betting options menu in Settings, and then press the Spin button to close the menu which will submit the bet and initiate the round.

Rounds can also be initiated by using the Autospin feature.

The Total bet, Balance & Win amounts can be displayed in coins or cash values. Switching between them can be done by clicking on the bottom UI bar.

Spin Options

Once the round is started, the player can fast-forward to the round result or skip the animations by pressing the Skip/Stop button that replaces the Spin button while the round is in progress.

To play rounds faster, the player can use the Quick Spin or Turbo Spin options (restrictions may apply due to regional jurisdictions)

Turbo Spin – the reels spin and stop faster with no extra animations.

Turbo Spin can be activated by:

Holding the Spacebar on a desktop computer.

Turning it on from the Autospin menu, and then initiating Autospin rounds.

Quick Spin Mode - the reels spin and stop faster however all extra animations are shown.

Quick Spin can be activated by:

Turning it on through the Sandwich menu.

Turning it on from Settings.

Turning it on from the Autospin menu, and then initiating the Autospin rounds.

Payout Rules

Winning combinations are paid per line in succession from the leftmost reel to the rightmost reel.

Winning combinations and payouts are calculated according to the game's "Paytable", which can be accessed through the Setting button.

The prizes are calculated using the following formula:

Bet amount, divided by 20, multiplied by the symbol payout multiplier

Only the highest win per line is paid.

Simultaneous wins on different bet lines are added up.

All wins occur on the selected paylines, excluding bonus wins.

Malfunction voids all pays.

Incomplete game sessions

All open sessions, which are not concluded by the player, plus any future transactions for those sessions will be terminated, after a period of time, as defined by the respective regulator per jurisdiction.

Payout rules in Features

Flamin' 7's Respins are played at the same bet amount as the round that activated the Free Spins.

Flamin' 7's Respins wins are calculated by multiplying the total bet amount by the Flamin' 7's payout multiplier.

Autospin

Enables playing the game automatically for a predetermined number of rounds at the current bet configuration.

The autobet / autoplay menu is accessible through the Autobet / Autoplay button.

Autobet / Autoplay Limits

Loss Limit - Allows you to control your combined losses by entering a numeric value that will stop the autobet function and trigger a popup message when the loss limit is reached.

Calculated as follows:

$(\text{Sum of bets}) - (\text{Sum of wins}) \geq (\text{Loss Limit amount})$.

Single Win - Will stop the autobet function and a popup message will be displayed when a single win payout is \geq the 'Single Win' value entered.

Win Limit - Allows you to control your combined wins by entering a numeric value that will stop the autobet function and trigger a popup message when the win limit is reached.

Calculated as follows:

$(\text{Sum of wins}) - (\text{Sum of bets}) \geq (\text{Win Limit amount})$.

On a Win - The autobet will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the autobet will only stop after all the free spins are finished.

Stop on a Feature - The autobet will stop and a popup message appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen.

3. Gods of Kemet

Before the ancient Egypt that we know, it was known as Kemet with a rich history of many millennia. 5. King of the Trident Deluxe

The legendary Poseidon returns in the next thrilling chapter of King of the Trident. In this aquatic quest, the king of the sea gods will guide you to the depths of the ocean. Then, with the Trident Adventure Map, you will make your way through the colossal underwater city of Poseidon where you will meet mystical sea creatures and uncover priceless treasures.

King of the Trident Deluxe – Heroes & Legends Edition, with its unique 3,3,3,6,6 reel layout, is a true adventure slot overflowing with features. Gold tokens will appear randomly and are added to the token meter. Each time the token meter is full, you advance on the Trident Adventure Journey map and cash prizes are awarded. As you complete a full stage, the Legendary Super Free Spins is triggered, each time with bigger prizes and unique features, including fused reels and mirrored symbols.

Play King of the Trident Deluxe and immerse yourself in the ultimate underwater adventure!

Game Information

Game winning ways:

There are 972 ways to win in King of the Trident Deluxe. All wins begin from the leftmost reel and pay left to right on adjacent reels.

General information table:

Game Type	Video Slot
Number of ways	972 ways
Number of Reels and Rows	3x3 2x6
Game Features	Giant Respin Free Spins Trident's Adventure Journey
Return to Player	96.25%
Hit Rate	15.63%

Game Features

Giant Respin

Reels 1, 2, and 3 participate in the Giant Respins feature. The Giant Respins feature triggers when all symbols (excluding the Wild and Scatter symbols) on reels 1, 2, and 3 land with lit backgrounds. Then, reels 1, 2, and 3 transform into one giant reel, while reels 4 and 5 remain as normal.

The re-spin then takes place during which the giant reel with its' 3x3 symbols will stop, followed by reels 4 and 5 to form winning combinations.

Free Spins

When 3, 4 or 5 Scatter symbols land anywhere on the reels, it awards 8, 12 or 40 Free Spins respectively.

During the Free Spins, reels 4 and 5 merge to form 2x2 symbols. Additional free spins, up to a maximum of 20, can be won when scatter symbols appear during the free spins feature as follows:

1 Scatter adds 2 Free Spin

2 Scatter adds 4 Free Spin

Trident's Adventure Journey

During the base game, when gold tokens appear on any symbol, they are collected to fill the tokens meter. When the meter is full, the Trident Adventure Journey map displays and the player advances along the route shown on the map. As the player progresses between the stages, cash prizes are awarded. Each time a full stage is completed, it triggers the Legendary Super Free Spins. Each stage's Legendary Free Spins has unique features. The further the player advances, the bigger the prizes.

The Trident Adventure Journey consists of 4 main stages. Each stage has a number of steps before advancing to the next stage and triggering the Legendary Free Spins for that stage. The stages and respective multipliers are as follows:

Green Castle Stage - 3 steps with 3x-10x multipliers

Blue Castle Stage - 4 steps with 4x-12x multipliers

Purple Castle Stage - 5 steps with 6x-15x multipliers

Red Castle Stage - 6 steps with 8x-20x multipliers

Legendary Super Free Spins

During the Legendary Super Free Spins, the reels change to a 6,6,3,3,3 layout.

Green Castle Stage:

Awards 10 Legendary Super Free Spins with reels 1 and 2 fused, and reel 5 mirrors the symbols of the fused reels

Blue Castle Stage:

Awards 10 Legendary Super Free Spins with reels 1 and 2 fused, and reels 4 and 5 mirror the symbols of the fused reels.

Purple Castle Stage:

Awards 10 Legendary Super Free Spins with reels 1 and 2 fused, and reels 3 and 5 mirror the symbols of the fused reels.

Red Castle Stage:

Awards 10 Legendary Super Free Spins with reels 1 and 2 fused, and reels 3 and 4 mirror the symbols of the fused reels.

Any retrigger adds 2 extra Free Spins.

All progress on the Adventure Journey Map is saved when exiting the game and restored upon launching the game again.

Playing the Game

Betting

To play a round, configure your bet using the + / - buttons on either side of the **Spin** button and/or the **Coin Value + / -** buttons. Then, press the **Spin** button or the **Spacebar** to submit the bet and initiate the round.

(Sum of wins) - (Sum of bets) \geq (Win Limit amount).
- On a Win - The autobet will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the autobet will only stop after all the free spins are finished.
- Stop on a Feature - The autobet will stop and a popup message appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen.

6. Rumble Rhino

Game Description

Rumble Rhino takes you on an African safari across the savannah to explore the plethora of fauna and flora that this magical place has to offer. You will be in awe of the raw beauty around you, as the Zebra amble across the plains, the giraffe pluck leaves from the trees, and predators like the cheetah move swiftly and stealthily in search of prey.

The rhinoceros, whose unmistakable and massive appearance takes centre stage in this action filled feature slot, is responsible for rumbling big WINS. Plus, the traditional African mask symbol is the key to unlocking the 'secret mask' feature. When triggered, the Rhino charges through and transforms all mask symbols into other symbols to form potentially massive winning combinations. Rumble Rhino boasts 100 paylines and plenty of other riveting features including wilds, scatters, a 4x4 mega Mask symbol, a bonus game and free spins. Rumble Rhino slot is as captivating as the animals that inhabit the incredible landscape.

Number of Reels \ Rows

- 6 reels
- 3; 4; 4; 4; 4; 3 rows

Game Features

- Bonus game – triggered when 2 bonus symbols appear on reels 1 and 6. The player needs to pick 3 matching symbols to win an instant prize or free spins with varying multipliers and features.
- 4x4 Mega symbols – appears on reels 2, 3, 4 and 5.
- Mystery Mask symbol – special African mask that conceals other symbols beneath it.

Return to Player 95.52%

Hit Frequency 20.28%

Game Features

Bonus game

Two Bonus symbols appearing anywhere on reels 1 and 6 will trigger the bonus game feature. In the bonus game, you will need to select diamonds containing special award symbols. Once you match 3 symbols from the diamonds you have picked, you will receive that special award.

The awards are:

- A cash prize – X15 your total bet
- 10 Free spins – all payouts are X5
- 15 Free spins – all payouts are X3
- 20 Free spins – all payouts are X2
- 50 Free spins – all payouts are X1. However, if the bonus symbols appear over reels 1 & 6 during the free spins, the base multiplier for all payouts will increase by 1 for that round and any remaining free spins.
- 7 'Rumble' free spins – the base multiplier for payouts increases by 1 for bonus symbols appearing over reels 1 & 6 and all wilds get locked for the remaining spins. Plus, every "Mystery Mask" symbol that appears on the reels, will award an additional free spin.

* All FREE SPINS pay on lines 1 to 40 only.

4x4 Mega Symbols

• Mega symbols are a 4x4 variation of the normal size symbols that can appear on reels 2-5 and cover the 4 reels X 4 rows. The Rhino, Mystery Mask and high paying symbols all have a 4x4 version. Mega symbols may cover the reels partially or fully, except the Mystery Mask mega symbol which can only appear fully. The Mystery Mask mega symbol conceals, as described above, a 4x4 variation of every multiplier symbol, including high paying symbols, as well as a wild symbol.

Mystery Mask symbol

• The Mystery Mask symbol conceals a multiplier symbol or Wild. It can appear on any reel. Once all the reels have stopped, the Mystery Mask symbol will reveal its mystery symbol. All Mystery Mask symbols in a given round will turn into the same symbol.

Playing the Game

To play a round, configure your bet using the Bet Plus / Minus buttons, and press or the 'Spacebar' to submit the bet and initiate the round. A second click on the or the 'Spacebar' will fast-forward the round to the round results, or in the case of multiple lines winning, will skip the win animation and start the next round. The round can also be initiated using the 'Autobet / Autoplay'.

Payout Rules

- Winning combinations are paid per line in succession from the leftmost reel to the rightmost reel.
- A line win in credits or currency is equal to the value shown in the PAYTABLE, multiplied by the line bet amount.
- Winning combinations and payouts are calculated according to the game's 'Paytable', which can be accessed through the Info button
- All symbol multipliers can be found in the Symbol screen in the Info pages.
- The prizes are calculated using the following formula: Bet amount, multiplied by the symbol multiplier, divided by the number of paylines (100).
- Only the highest win per line is paid.
- Simultaneous wins on different bet lines are added up.
- All wins occur on the selected paylines, excluding bonus wins.
- All open sessions, which are not concluded by the player, plus any future transactions for those sessions will be terminated, after a period of time, as defined by the respective regulator per jurisdiction.

Payout rules in Free Games

- Free Games (Free Spins features) are played at the same bet amount as the round that activated the Free Spins.
- Free Spins wins are added to any initial bet line wins.
- At the end of Free Games, the game returns to the round that activated the Free Games Spins.
- Only lines from 1 to 40 are paying wins.

Autobet \ Autoplay

Enables playing the game automatically for a predetermined number of spins at the current number of lines and bet configuration.

How to use the autobet \ autoplay feature – Desktop

To open the autobet \ autoplay, click on the icon next to the “SPIN” button.

To set the autobet \ autoplay number of rounds, click on Change Autobet Rounds and choose your desired number of rounds from the list. To close the list, click on

AUTOBETS above the number of rounds list.

To set the autobet \ autoplay limits, click on the 'Plus' sign on the upper right corner to reveal the autobet options. To minimize the options, click on the 'Minus' sign on the upper right corner.

To start the autobet \ autoplay, click the play button on the bottom left corner. Once clicked, the play button will change to a pause button that will allow you to pause the autobet whenever you choose. You can only pause in between rounds/spins and not while the round is in play. To close the autobet, click on the X sign on the upper right corner. During autobet play, the settings panel is closed.

How to use the autobet \ autoplay feature - Mobile

To access Autobet while playing from a mobile device, click on the autobet icon above the 'SPIN' button or click on the settings button on the bottom right corner and then on the autobet tab.

To activate a limit, you will need to click on the relevant checkbox and enter a numeric value on the right side (in the case of 'Single Win', Win Limit' and Loss 'Limit') and click on the 'START' button on the bottom left corner.

To exit the autobet \ autoplay screen without starting the autobet rounds, you will need to click the 'X' button on the bottom right corner.

After clicking on the 'START' button, the game will return to the main screen and the 'SPIN' button will show the autobet rounds counter.

To stop the autobet \ autoplay, you will need to click on the autobet button again.

Pausing the autobet is not possible in mobile mode.

Autobet \ Autoplay Limits

- Loss Limit – Allows you to control your combined losses by entering a numeric value that will stop the autobet function and trigger a popup message when the loss limit is reached. Calculated as follows:

$(\text{Sum of bets}) - (\text{Sum of wins}) \geq (\text{Loss Limit amount})$.

- Single Win – Will stop the autobet function and a popup message will be displayed when a single win payout is \geq the 'Single Win' value entered.

- Win Limit – Allows you to control your combined wins by entering a numeric value that will stop the autobet function and trigger a popup message when the win limit is reached. Calculated as follows:

$(\text{Sum of wins}) - (\text{Sum of bets}) \geq (\text{Win Limit amount})$.

- On a Win – The autobet will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the autobet will only stop after all the free spins are finished.
- Stop on a Feature – The autobet will stop and a popup message will appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen and fade out after 5 seconds. The messages for the limits will appear as follows:

- Loss Limit – “Loss limit reached”
- Single Win – “Single win reached”
- Win Limit – “Win limit reached”
- On a Win – “Win reached”
- Stop on a Feature – “Feature reached”

7. Spirit Of Mustang

It's time to run wild and free with the mustangs across the plains of the west. These majestic, untamed horses are iconic with many legendary stories told. Saddle up for an adventure of a lifetime as you gallop side by side with the mustangs while you collect impressive rewards. Unleash your wild side and you just might collect one of the four jackpots in this action slot.

Spirit of Mustang is a 5-reel, 3-row slot packed with fantastic features. Get the winning action started with the Coin Collect feature. When golden coins appear with values on them and a collect symbol, you win all the values shown. Landing 3 scatter symbols activates 8 Free Spins for even more prizes, and to really take your winning to the next level, the jackpot pick game offers 4 impressive jackpots with a top payout of 1,000x.

- Stop on a Feature - The autobet will stop and a popup message appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen.

8. Stallion Fortunes

Saddle up, it's time to take a trip to the Wild West to round up wild stallions and earn golden rewards. Get ready for non-stop action and payouts as you gallop your way to victory in this action-adventure slot. With 4 in-game jackpots up for grabs, you will be singing yeehaw all the way to the bank!

Stallion Fortunes is 5-reel, 3-row slot, filled with cowboys, horses, gold and more. To get you in the winning saddle, the Coin Collect feature can occur at any time. The Free Spins are your ticket to even more payouts, and if lady luck is on your side, you could be reeling in a massive jackpot too!

There are 25 winning lines in Stallion Fortunes.

General information table:

Game Type Video Slot

Number of Paylines = 25 lines

Game Features

- Betting Lines - Select the amount of paylines to bet on. There are 25 paylines.
- Coin Collect - Win even more by collecting coins
- Free Spins - 8 Free Spins + unlimited reactivations
- Mini, Minor, Major & Grand Jackpots. Win up to 1,000x

Return to Player 94.01%

Hit Rate 26.15%

Game Features

Coin Collect

When coins with values on them and a "Collect" symbol land on the reels at the same time, the total value shown on the coins is awarded. The values of the coin symbols are dependent on the total bet amount. Changing the bet amount only takes effect on the next spin after the change was made.

The Coin Collect feature can occur during the base game and Free Spins. The Coin Collect feature occurs more often during the Free Spins.

Free spins

When 3 or more scatter symbols land on reels 2,3 and 4, it awards 8 Free Spins. If 3 scatter symbols land during the Free Spins, it awards an additional 8 Free Spins. The Free Spins can be retriggered an unlimited number of times.

Stallion Fortunes Jackpots

There are 4 jackpots that can be won, being the Mini, Minor, Major & Grand jackpots that are displayed adjacent to the reels. When 1 or more Coins and a Collect symbol land on the same spin, the jackpot picker bonus round may be triggered at random. Any Coin Collect payouts are first paid and then the Jackpot picker round begins. There are 15 coins to choose from. Revealing 3 matching jackpot coins awards the respective jackpot.

The jackpot values are as follows:

Mini Jackpot = 50X total bet

Minor Jackpot = 100X total bet

Major Jackpot = 200X total bet

Grand Jackpot = 1,000 X total bet

Playing the Game

Betting

To play a round, configure your bet using the + / - buttons on either side of the Spin button and/or the Coin Value + / - buttons. Then, press the Spin button or the Spacebar to submit the bet and initiate the round.
